2020
DELAWARE COUNTY
OFFICE OF BEHAVIORAL HEALTH

Mission Statement
The mission of the Office of Behavioral Health (OBH) is to assure the provision of a comprehensive array of quality mental health and alcohol and other drug services for eligible children and adults that will assist them to maximize their human potential.

Contracted Child & Adolescent Behavioral Healthcare Services
The Directory of Child and Adolescent Mental Health and Drug & Alcohol Services contains a list of County and Magellan Behavioral Health of PA contracted providers plus additional frequently used providers of child and adolescent behavioral health services. The Directory lists the services provided with telephone and website contact information for each program or service.

The Directory is updated annually to reflect new behavioral healthcare programs and services provided to children and adolescents of Delaware County.

Supplemental Behavioral Healthcare Information
- OBH also maintains a Directory of Adult Drug and Alcohol and Mental Health Services, contact 610-713-2365 for more information or visit the following link:
  www.delcohsa.org/mh_adult/adult_directory.pdf

Magellan Behavioral Health of PA maintains information about contracted services for HealthChoices members. Contact 1-888-207-2911 or www.magellanofpa.com for more information.

WHERE AND HOW DO I GET HELP FOR BEHAVIORAL HEALTH NEEDS?

Is your child enrolled in Medical Assistance (MA)? This means, does your child have an Access card? If so, your child is also likely* enrolled in Magellan Behavioral Health (MBH).
This is the Managed Care company that provides mental health and substance abuse services to Medical Assistance members in Delaware County. If your child is enrolled in MBH, you can call 1-888-207-2911 and say that your child needs behavioral health services. MBH will make all necessary arrangements for your child’s behavioral health needs.

If your child is not enrolled in the MA program and MBH, you can contact the Base Service Unit nearest to you, either Crozer Chester Medical Center at 610-619-8700 or Merakey at 610-534-3636. The intake department of the Base Service Unit will either arrange for you to bring your child in for an intake or will guide you in the appropriate direction.

If your child has MA but you are not yet enrolled in MBH because your child’s eligibility was granted only a few weeks ago, you can also then contact the Base Service Unit nearest you to access behavioral health services for your child at no cost.

If you have private insurance, find out from your insurance company if there are specific mental health agencies that you must use for your insurance to pay for services. If so, those are the agencies you must go to access behavioral health services for your child. However, for specific community-based services like Intensive Behavioral Health Services, Blended Case Management and Family Based, these can only be accessed through enrollment in MA.

If your child is not enrolled in the MA program and you think your child has significant behavioral health needs, go to the Pennsylvania Department of Human Services website at https://www.compass.state.pa.us/compass.web/Public/CMPHome to fill out a MA application for a child with a mental health disability (PH 95 category). Your child then could be eligible for MA regardless of your family income. You can also do this even if you have private insurance, to access mental health services for your child that are not provided by your private insurance company.
Delaware County Crisis Connections Team provides 24-hour mobile crisis outreach services at 1-855-889-7827. There is also a 24-hour walk-in crisis unit available. You may contact or visit the crisis unit at Crozer Chester Medical Center in Chester at 610-447-7600.

The Delaware County Office of Behavioral Health is an administrative office that oversees the children’s public behavioral health system. Children’s staff at this Office can provide you with assistance in accessing behavioral health services.
